### Mrs. Ada Bruton Goff.

Mrs. Ada Bruton Goff, aged 28 years, died at the home of her father, Noah Bruton, in this city on Thursday morning at 3 o'clock. She was the wife of Mr. E. A. Goff, of Clark county and had only a day or two before come up to her father's home in apparently the best of health.

For some time past she had from time to time exhibited slight symptoms of heart trouble, these, though, were not of such a nature as to excite any alarm. On Thursday morning about the hour indicated she called her mother, complained of a return of her old trouble and before a physician could be procured she had as quietly as a babe fallen to sleep on its mother's breast sunk to rest in the arms of him who is able to keep her safe against all further fear or trouble. On the morning of June 6th 1894 she wore the orange blossoms of a happy bride and friends were watering them with tears shed for very happiness. On the morning of the 6th of June 1895, same friends were moistening the white roses amid which she lay so cold and still with tears of bitterest agony. Though the light of her life went out long before it was high noon with her, she had not lived for naught. More than ten years labor as an active, earnest and conscientiously faithful teacher go to her credit as a grander work done than we may, with our short vision, measure. She was a

woman of strong character and firm convictions. In early girlhood she became a member of the Christian church and exemplified in her life the teachings of the Man of Nazareth. The funeral took place at the Christian church Friday afternoon and the burial in Macphelah cemetery.

### Good Health

And good appetite go hand in hand. With the loss of appetite, the system cannot long sustain itself. Thus the fortifications of good health are broken down and the system is liable to attacks of disease. It is in such cases that the medicinal powers of Hood's Sarsaparilla are clearly shown. Thousands who have taken Hood's Sarsaparilla testify to its great merits as a purifier of the blood, its power to restore and sharpen the appetite and promote a healthy action of the digestive organs. Thus it is, not what we say but what Hood's Sarsaparilla does that tells the story and constitutes the strongest recommendation that can be urged for any medicine. Why not take Hood's Sarsaparilla now?

### Nerves on Edge.

I was nervous, tired, irritable and cross, Karhl's Clover Root Tea has made me well and happy. Mrs. E. B. WOODEN. For sale by Thomas Kennedy.

Died, on last Thursday of inflammation rheumatism, Mrs. Alfred Combs aged 48 years. Her remains were brought here on Friday and after funeral services which were conducted at the Methodist church by Rev. C. J. Nugent assisted by Rev. West of Campton, her remains were buried in Macphelah cemetery. Mrs. Combs was an excellent christian woman of the kind that was beyond the average christian. She lived her faith and never was there a time that she was not ready and anxious to do work for the Master. Early in childhood she gave herself to the Master and faithfully she has lived. Her neighbors loved her and she was the idol of her home. She desired to live to see her sons, five young men, following her savior, but when she knew the time had come for her to depart she was resigned and hers was a triumphant death. The husband and sons bowed down in grief have the sympathy of their neighbors and friends as evidenced by their presence at the funeral service. Mr. Combs and his sons have many friends here who deeply sympathize with them. Mrs. Combs was in delicate health for several years and through it all the same christian life shone out in all its splendor. Mrs. Combs was the sister of Messrs. I. N. and Frank Horton, of this county.

## WOMAN'S MEETING.

### FOREIGN MISSIONS—GREAT ENTHUSIASM.

### All Denominations Adjourned and Attended the Sunday Evening Meeting.

The Woman's Foreign Missionary Society of the M. E. church, South, of Kentucky, are holding their Annual Meeting with the M. E. church, of this city, having begun their first session last Friday evening. One hundred and five delegates were present. A fairer or more intelligent array of women it has never been our good fortune to meet with. They had left their homes and congregated in their Seventeenth Annual Meeting with only one end in view: the furtherance of the Master's cause, and it was delightful and inspiring to hear these consecrated christian women modestly and fearlessly testifying for God.

The first evening was a praise and testimonial meeting and was led by the President, Miss Belle H. Bennett, of Richmond, and of the members present more than seventy-five took part in the service. The Lord had been good to each of them and they were glad to speak a word in His name.

Saturday morning the convention met promptly at 9 o'clock, and with

beautifuly in thought, wording and delivery. Responded to by Mrs. Wright, of Nicholasville. Mrs. George Buffington, of Covington, Corresponding Conference Secretary, made her annual report from which we take the following:

One hundred and two adult auxiliaries with a membership of 1338. Fourteen new auxiliaries have been organized, adding 129 new names. There are 397 Woman's Missionary Advocates, taken with 32 new subscribers, 10 new life memberships and 5 honorary memberships, each representing a gift of \$100. Total collections \$3,488.57.

From the week of prayer and thanksgiving, which were generally observed, \$213.34 was added to the treasury funds. The work is planned on the basis of \$1.45 per year from each member. Only one-fifth of the women of the church have been enrolled in this work. Seven new missionaries will be sent out this year, 3 to Brazil, 1 to Mexico and 3 to China.

Sunday morning Dr. Lambuth preached a sermon on foreign missions, which was full of interest. In the afternoon the meeting was for the young people organization and talks on missions were gladly received by them.

Sunday evening Miss Laura Haygood talked on her favorite theme the work in China, and held the attention of the large audience riveted until a quarter to 10 o'clock, and any

In China. His father was one of the first missionaries sent out by the Methodist church.

Miss Laura Haygood is a sister to Bishop Haygood, who will preside over the approaching Kentucky conference.

The Methodist ladies took our city Friday evening and continue to hold the fort.

The local preachers have not learned to speak in public without permission.

Mrs. Bettle Bennett, as a presiding officer, and Mrs. Nugent as recording secretary have no superiors.

These good women are as prompt in business as in household affairs.

The Montgomery Mandolin and Guitars Club will give a minstrel and musical entertainment at Grand Opera House on next Friday evening. This promises to be a delightful performance. New music, new songs, and new specialties will be introduced. The club will be assisted by Messrs. Thutcher and Eberhardt, who are fine musicians. Let everybody turn out and give the boys a rousing reception.

### A Great German's Prescription.

Diseased blood, constipation, and kidney, liver and bowel troubles are cured by Karl's Clover Root Tea, for sale by Thos. Kennedy.

Mrs. Dr. Drake and Mrs. W. T. Moore were driving on Main street yesterday afternoon when their horse became frightened at a roll of electric light wire and sprang aside throwing the buggy against a light pole. Mrs. Drake was thrown from the buggy bruising her face, but doing her little other damage. Mrs. Moore escaped without any injury whatever.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When the tube gets inflamed sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

delegates in their places ready for business, Miss Belle Bennett was re-elected President and Mrs. C. J. Nugent, Secretary; Miss Mary Bruce for seven years missionary to Brazil, Miss Laura Haygood for ten years missionary to China; Mrs. Trueheart, of Nashville, Tenn., and Dr. Walter Lamburgh, a missionary to Japan, who was born and raised in China, were among the number from abroad, and they received a most hearty welcome.

The full time is being given to active work. Miss Isa B. White and Master John White Trimble were chosen pages. Revs. Grimstead, West and Nugent spoke to the ladies words of cheer and thankfulness for the work which had been accomplished through them. Mrs. Haygood spoke of the work in China. It was a great work and there in testimonial meetings everyone would have something to say. Saturday afternoon the greater part of the time was given to parliamentary drill, which was exceedingly interesting.

Saturday evening after song service Mrs. Lucile Wilson delivered an address of welcome graceful, and

one who failed to be enlightened by her talk cannot lay the blame to this gifted self-sacrificing woman. Truly she will have her reward. There are missionary societies in China and at a meeting they value it a great privilege to be present. Of the 50,000 christian Chinese they contribute for the advancement of the work in their own country an average of 90 cents per capita, and the majority of the christians are very poor.

The Annual Address by the President was full of good thought.

Mrs. C. J. Nugent delivered an address which was complimented very highly. Each of the three talented women delivered their addresses with power. They will appear in subsequent issues of the ADVOCATE.

A good meeting all day Monday, strictly of a business character. Miss Bruce delivered a lecture on Brazil. She made her points well, much to the delight of her large audience. These Godly women will have their rewards. Our people opened their hearts to the delegates and right royally they are being entertained.

#### ANNOUNCEMENTS.

##### For Railroad Commissioner.

We are authorized to announce John C. Wood as a candidate for Railroad Commissioner, for the Eastern District of Kentucky, subject to the action of the Republican party.

##### For Representative.

We are authorized to announce Mr. W. F. Horton as a candidate to represent the counties of Montgomery and Manfess in the Lower House of the General Assembly of Kentucky, subject to the action of the Democratic party.

##### For Superintendent of Public Instruction.

I am candidate for the nomination for Superintendent of Public Instruction, subject to the action of the Democratic Convention.

C. W. FOWLER.

#### The Delegate From Rowan.

In the reports sent out from the Winchester Convention to the daily papers the name of John E. Cooper appears among the "committee on organization" as "of Montgomery." It is a well known fact to our people that Judge Cooper was not among the delegates from this county. Some, therefore, wondered how he came to be placed on the committee. In the published proceedings of the Rowan county Convention as they appeared in the Winchester Democrat of June 7th, we learn he was a delegate from Rowan county, his name appearing last on the list. How he came upon that delegation is his affair and Rowan's, not ours. Desiring to attend the Convention, he undoubtedly had a right to get upon that delegation if he could, since he could not represent his home county.

The Republican Convention to nominate a candidate for Railroad Commissioner, went to places in Louisville last week and adjourned to meet at Richmond July 16. There was a hard fight for honors between John C. Wood, of this city, and Mr. Connelley, of Covington. John C. Wood, the moneyless man, tied the capitalist. It was a hard fight for nothing but a nomination, but a very high compliment to Mr. Wood, who did not even make a personal canvass of the district.

In instructing for a Democratic candidate for Governor this county should not draw distinct lines. We want the strongest man, the most popular, the one that will poll the full party vote, and at the same time represent Democratic principles. Narrowness, personal favors, and district patronage should find no place among Democrats at this time.

W. O. Bradley, in all his wild assertions, must be met and put to flight, and the party must nominate that man, be he from Bourbon or Mercer

#### County Convention.

At a County Delegate Convention held at Court House in Mt. Sterling, Ky., at 2 o'clock p. m., on June 10, 1895, pursuant to order of the Legislative District Committee for the Ninth District of Kentucky, the following voting precincts of Montgomery county were represented by properly accredited delegates.

M. Hon, J. W. Richardson, G. T. Chase, Elijah Coons, A. J. Rugan, Ed Glover, W. E. Jones, N. T. Clark, T. J. Anderson, Jacob See, Wm. Thompson, T. H. Grubbs, Josh Owings, Ed Sled and Walter Rankin be and they are appointed delegates to attend the Legislative District Convention, to be held in Mt. Sterling on June 18, 1895, and they are instructed to cast the vote of this county for W. F. Horton in said Convention, and use all honorable means to secure his nomination.

On motion the Convention then adjourned.

B. P. JEFFRIES,  
Chairman.  
N. F. PIERCE,  
Secretary.  
This, June 10, 1895.

#### The Republican State Convention.

The Republican State Convention met in Louisville the past week and nominated a full State ticket. They made a nice straddle on the money question, made blatant charges against the Democratic administration of State affairs, and adopted as their party emblem the "dog cabin," discarding the eagle.

The State ticket is as follows:

Governor---W. O. Bradley, of Garfield.  
Lieutenant-Governor---W. J. Worthington, of Greenup.  
Auditor---Sam H. Stone, of Madison.  
Secretary of State---Chas. Finley, of Whitley.  
Treasurer---Geo. W. Long, of Grayson.  
Attorney General---W. S. Taylor, of Butler.  
Superintendent of Public Instruction---W. J. Davidson, of Pulaski.  
Register of Land Office---C. O. Reynolds, of Fayette.  
Commissioner of Agriculture---Lucas Moore, of Marion.

The Convention to nominate a Railroad Commissioner for the Third district broke up in a row. Connelley, of Covington, and John C. Wood, of this city, were the contending candidates, but no agreement could be reached and the Convention adjourned to meet at Richmond July 16th, where they will try the race over again. The Connelley party accused their man was fairly nominated, and the friends of Wood insisted their man received a majority of the votes. The Wood faction developed strength enough to have the Convention adjourned to Richmond. We wish them much success in getting into a still greater tangle when they shall reassemble.

Both General Hardin and Mr. Clay are eminently fitted for the position to which each aspires. It is only a question of choice between Democrats. Mr. Clay would make us a good Governor, so would General Hardin. If they are they, it is more a question of availability than of real fitness for the position that should govern us in selecting our candidate. If General Hardin is better able to present party principles, and better equipped to meet on the stump the wily and aggressive Mr. Bradley, then he is the man we want. There is small doubt, either Mr. Clay or General Hardin will make Kentucky a more creditable Governor than will Mr. Bradley.

The President on Friday afternoon appointed Attorney General Richard Olney Secretary of State, to succeed the vacancy occasioned by the death of Secretary Gresham. Mr. Cleveland also appointed Judge Judson Harmon, of Cincinnati, Attorney General. Judge Harmon is one of the foremost lawyers of the West, and is said to be eminently fitted for the position to which he has been called.

#### Louisville Tobacco Market.

Sales on our market for the week just closed amount to 3,956 hhds., with receipts for the same period 3,002 hhds. Sales on our market since January 1 amount to 90,125 hhds. Sales of the crop of 1894 on our market to this date amount to 91,944 hhds. We have had a very active market throughout the week for all grades of burley tobacco, improvement reported last week being maintained but no further advance in quotations. During the early part of this week, good transplanting seasons were had throughout the greater part of the burley producing sections followed by favorable weather conditions, and from the best information which we can gather, we would estimate that 60 per cent. of the intended burley crop is now on the hill. The recent rains did not extend to the extent of fulfilling good transplanting seasons in the Hart County burley section.

## Crop Report.

The following is the reported condition of crops in the South the first of June

**ALABAMA**—Abnormally cool and showery week; cotton on sandy land being seriously damaged by cold; corn green and healthy, but damaged by cutworms on low lands; oats nearly ready to cut; Irish potatoes yielding largely; small corn and fruit growing slowly, but in good condition.

**MISSISSIPPI**—Cloudy, cold and wet, especially unfavorable to cotton and slightly injurious to other products; stands of cotton impaired and some dying; plant still lousy in places; corn good and laid by in southern portion; Irish potatoes yielding well and sweet potatoes, transplanted, garden good; oats promising; hay harvesting progressing; early peaches ripe.

**LOUISIANA**—Too cold for crops early in the week; cotton rather lousy, some dying out and broken stands reported; crops improved by rain, particularly rice, which is nearly all planted; too much rain in localities in sugar belt; warmth and sunshine needed.

**TEXAS**—Showers and cool weather during the week have been unfavorable for cotton, which is in need of dry, warm weather; prospects for a good corn crop are splendid; wheat and oats improved; fruit has been damaged in some localities by hail.

**TENNESSEE**—Continued cool weather with insufficient sunshine has allowed little improvement in the crops during the week; wheat and grasses have suffered least; worms still destructive but are decreasing in numbers; cotton not doing well; warm sunshine badly needed.

**KENTUCKY**—Cool, with showers, during the last part of the week; conditions generally favorable and crops rapidly recovering from the effects of frost; complaints of rust and hessian fly in wheat increasing; tobacco cutting progressing rapidly; cutworms disappearing and much corn replanted.

**VIRGINIA**—Rainfall about normal in southwest and about 14 inches in the valley to 4 inches on the coast; frosts Wednesday and Thursday caused much injury in the western part of the State; cold, wet weather very unfavorable; replanting of corn must be extensively done; all work behind.

**NORTH CAROLINA**—Showers on four days; not a good week for farm work; growth retarded by continued low temperature; frost reported 23rd, wheat damaged; much complaint of cutworms and other insects; transplanting tobacco nearly finished; still working up dead cotton and some fields being planted in corn instead of wheat and oats good.

**SOUTH CAROLINA**—Cool with excessive rainfall and little sunshine; decidedly unfavorable weather for cotton, which is dying on sandy lands, necessitating much replanting; corn has stopped growing and is turning yellow; wheat and oats improving; fruit continues promising; minor crops doing fairly well.

**GEORGIA**—Unseasonably cool with frequent rains; crop growth very slow, and field work delayed; cotton yellow, badly overrun by grasses, and in some localities dying; transplanting nearly completed in southern counties; oats unusually high; corn in fair condition, but needs warmer weather; peaches still promise a large yield.

## A New Art Editor.

William Martin Johnson, who illustrated the "Gambler" edition of "The Illustrious" for the Harpers, and who has edited "The Cloister and the Hearth" and "Hippatia," becomes the art editor of THE LADIES HOME JOURNAL on June 1st, leaving New York to reside permanently in Philadelphia. Mr. Barton Chyneue, a clever newspaper man who has been attached to the press of Delaware and Pennsylvania, is also added to the JOURNAL's editorial staff as one of Mr. Dok's principal associates.

## Julia Magruder's New Novel.

Miss Julia Magruder, whose story "The Princess Sonia," in the Century, is attracting such favorable comment, has given her new novel to THE LADIES HOME JOURNAL. It is called "The Violet," and deals with the question of second marriage. Mr. C. D. Gibson, the illustrator, is making a series of pictures for the novel.

## DEMOCRATIC STATE CONVENTION.

Following is the Call For the Democratic State Convention.

### The County Chairman's Call.

Resolved, That on June 15th there be held at each voting precinct at the regular voting place in each county and legislative district a convention of the voters thereof at 2 o'clock p. m., to select delegates to a county or legislative district convention, to be held at the county seat, except that in counties or cities composed of more than one legislative district, the delegates shall meet at some place to be designated by the representative legislative committee, on Monday, June 17th, at 2 o'clock p. m., and at said county and district conventions delegates shall be chosen to represent said counties and legislative districts in a State convention to be held on Tuesday, June 26, at 12 o'clock.

"The basis of representation on the part of each precinct to said county and legislative district convention shall be one delegate for each fifty votes so cast for the Democratic ticket at the Presidential election in 1892, and also one delegate for each fraction over twenty-five votes so cast; provided, however, that each precinct as cast less than twenty-five votes for said electors shall be entitled to one delegate.

"The basis of representation to the State Convention from counties and legislative districts shall be one delegate for every 200 votes and each fraction over 100 votes for the Democratic electors at the Presidential election in 1892; provided, however, that such counties as cast 100 votes or less for said electors shall be entitled to one delegate.

Supplemental Rule: The voters now residing within the boundaries of the several voting precincts as they were fixed and located at the November election held in 1892, will assemble at the places at which the election was held in said precincts in November, 1892, and select delegates as heretofore directed. Changes made in precinct lines since the November election, 1892, by the creation of new precincts or the alteration of old ones, will be ignored in holding these precinct meetings."

### COUNTY CHAIRMAN'S CALL.

In obedience to the above call the Democrats of Montgomery county will assemble at their respective voting precincts as established in 1892, on June 15th, 1895, at 2 o'clock p. m. to select delegates to the County Convention to be held on June 17th.

Each precinct will be entitled to the number of delegates named below:

### Argentina's Cattle.

The rapid growth of Argentina's export cattle trade is suggestive in more ways than one. A few weeks ago, when our markets were rapidly advancing, England was congratulating herself on the possibility of buying cheap and well finished beefs in the South American republic and thus avoid high prices. During March Argentina shipped three times as many beef cattle to England as a year earlier and 18 times as many as in the same month two years ago. It is fair to presume the quality is choice because that is the kind the English market requires. The secret of the great expansion is found largely in the ease with which cattle are fattened on alfalfa, the cultivation of this crop being extended there immeasurably, where it is more popular, if possible, than in our own western States. Farmers are keenly alive to the profit in fattening stock on this cheap forage, and many of them prefer to convert the crop into meat rather than utilize the soil in wheat growing—American Agriculturist.

## BOWLING GREEN BEET SUGAR.

A Plant to Make it Soon to Be Put Up.

Bowling Green, Ky., June 7.—The Kentucky Beet Sugar Company filed articles of incorporation at Charleston, W. Va., on June 5th with a capital stock of \$1,000,000. The papers were at once forwarded to parties in New York and Germany, who are ready to take all but about \$5,000 worth of the stock, that amount having been subscribed for by Bowling Green parties. Fifty acres of ground have been secured for the purpose of raising beet seed. A special consignment of seed, to be used for raising seed only, are on their way here from Germany, and will be planted in a few days. These seed have a large per cent. of sugar, and are altogether of the best variety grown. It is the intention of the company to put 5,000 acres in beets next year and to break ground for the factory by September 1.

Plans and specifications are now being prepared in Germany and will be sent here in the near future. The buildings completely equipped will cost between \$350,000 and \$400,000. It will require 187 cars to haul the machinery. A great deal of the machinery will come from Germany, and will be of the latest pattern known to the beet sugar industry. The motive power and all other machinery that can be obtained in this country will be bought here. Mr. Sims, who is here in the interest of the beet sugar people, will leave for New York in a few days. Mr. Cords will remain and give the enticement of the beet seed his personal attention. One hundred persons or more will be employed at the factory, and the daily output of the plant will exceed 400 barrels. The advantages to be derived by Bowling Green from such an enterprise as this is very great indeed, as it is an industry that once put on a firm foundation will remain here through coming generations.

## A ROCKEFELLER TO WED.

The Standard Oil Magnate's Youngest Daughter Engaged.

The engagement of Miss Edith Rockefeller and Mr. Harold McCormick is announced. Miss Edith Rockefeller is frequently spoken of as one of the two wealthiest heiresses in America. The other is her sister, Miss Alta Rockefeller. They are the daughters of Mr. and Mrs. John D. Rockefeller, of No. 4 West Fifty-fourth street, New York. It is estimated that they will each come into \$25,000,000. There seems no reason why even such a limit as this should be placed on their prospective fortunes when the wealth that flows into their father's coffers as one of the Standard Oil magnates is considered.

The wedding of Miss Edith and Mr. McCormick will take place in September, and will be celebrated with becoming splendor. Mr. McCormick is of the Chicago family of that name identified with the reaper manufactures.

## FIFTY WERE KILLED.

By the Cloudburst in the Black Forest of Germany.

It is officially announced that the fatalities which resulted from the cloudburst near Stuttgart, Germany, on Wednesday, amounted to fifty. At Balingen alone thirty houses were demolished. There was another cloudburst reported Thursday evening over the same district and the Eyach Valley was again flooded. The damage done was considerable.

## A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he has been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. King's New Discovery for consumption, coughs and croup, and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have throat, lung or chest trouble try it. We guarantee satisfaction. Trial bottle free at W. S. Lloyd's drugstore.
